

Reflex 300™

MSRP: \$999

RIDER FIT TUBE COLORS

OVERVIEW

Repeating age old design conventions only gets you so far. So we developed a revolutionary frame design using a technology that we call **A R C**. The frame is designed to flex in specific areas which enhances performance and reduces road vibration. Introducing the Reflex, suited for riders looking at both the comfort and strength of a dual-sport hybrid and the performance of a fitness bike. Reflex offers the adjustability of our Rider Fit Tubes. Riders have the ability to personalize the color and ride characteristic. We chose industry leading components to provide smooth shifting and reliable braking. The Reflex is engineered so that you can ride longer and faster, whether it is a quick commute or a long ride. The Reflex offers all you would expect from a hybrid and more using our industry changing technology at an affordable price.

KEY FEATURES of the Reflex 300

- Shimano Acera rear derailleur for smooth and reliable shifting
- Tektro Auriga Hydraulic Disc brakes for extreme condition braking power.
- SR Saddle for all day comfort.
- Aircraft grade lightweight aluminum fork
- Reflective tires for night safety

A R C TECHNOLOGY™

Active Frame Construction™

- Patented frame design using **aircraft grade Aluminum**
- The Bi-Oval top tube acts with the **Rider Fit Tube** to provide enhanced performance and unbeatable comfort.

Rider Fit

- Four flex options of **Rider Fit Tubes** to be able to customize the frame to the rider and rider style.
- Seven colors and several patterns.
- **HS90 steel** which has the perfect balance of strength and forgiveness

Connection

- The Reflex Series uses the Patent Pending **ST Quick Connect** system.
- Protected by a highly durable rubber sleeve called the **Mud Flap**.

Frames are available in 3 sizes.
 Medium 5'2" - 5'10"
 Large 5'8" - 6'1"
 X large 5'11" - 6'5"

SPECS

FRAME	A.R.C. Construction with aircraft grade aluminum
FORK	Aircraft grade aluminum
DOWN TUBE	Powder coated HS90 spring steel
HEADSET	1.125 Sealed Cro Mo Bearings
STEM	Alter Ride Black alloy 31.8 _ 4 bolt _ 17 deg rise
HANDLE BARS	Alter Ride Black alloy 31.8 _ 640 _ 6 deg
GRIPS	Ergonomic Grip
BRAKES	Tektro Auriga Hydraulic Disc
FRONT DERAILLEUR	Shimano Altus FD-M371
REAR DERAILLEUR	Shimano Acera RD-T3000 SGS
SHIFTERS	Shimano Acera SL-M3000
CASSETTE	Shimano CS_HG30_9 11-32t
CHAIN	KMC X9
CRANKSET	Sram 600 48/38/28 alloy crankset
PEDALS	Nylon w/ Metal Cage
WHEELS	Sealed Mechaniam 6 bolt disc hub with Double wall rim
TIRES	Arisun Metro Cruiser , puncture resistant with reflective strip 700*38
SADDLE	SR Lookin
SEAT POST	Alloy Black 28.6
